

DUNLOP IS NOT SEEKING OFFICE

Bob Denies That He Has Ambition to Be Governor Later

ABOUT THAT CARTOON

No Intention to Bring Walton's Wives Into Campaign, He Insists

Bob Dunlop, former democratic state treasurer, positively denied Saturday that he is a candidate for governor or that he is an issue in the present state campaign, despite what he termed "the persistent insinuations of Walton's self-righteous hand-to-mouth organ" in Tulsa.

Dunlop expressed regret that this "organ" and others of the Walton crowd should inject the first and second Mrs. Walton into the campaign, since the object of Dunlop's recently printed cartoon was to provide voters with Walton's record and not with that of his wives, who, Dunlop believes, are both highly respected women.

Reward Still Unclaimed.

"My offer of \$1,000 spot cash to anyone who would expose Walton's marriage divorce record was made more than a week ago," Dunlop advised, "but it remains unclaimed. If these records are false, someone is overlooking a mighty good opportunity to check up."

Frank Merrill of Walton's headquarters called me over long distance the other day to inform me they intended to sue me for criminal libel for printing the cartoons to which he and the gang objected.

For some reason unknown to me no warrant has been served. Of course it is possible that warrant has been issued and that this will go down in present history as another lost warrant cause, one of which is well known to Tulsaans. I have not been arrested yet.

"Walton's hand-organ, misguided as usual, persists in believing the Constitutional Democratic club of Tulsa has 60 members. Perhaps it will revise this estimate the night of November 7, after the votes have been counted.

"Just a Plain Farmer."

"I'm just a plain farmer. Perhaps I'm too unsophisticated to be in politics. But just think, I appreciate the free advertising donated to me by that organ."

The persistent insinuations of Walton's self-righteous, hand-to-mouth organ here only serve to increase my self-respect. I prefer its opposition to its friendship, which is worthless to anyone.

"It and other members of the Walton crowd should be ashamed of serving during the first and second Mrs. Walton in the campaign. But in its desperation and its ignorance of the real issues, this is not at all surprising to those who have observed its career. There is nothing personal in my opposition to Mayor Walton. But knowing his record as I do and feeling reasonably certain of the kind of executive he would make for this state, I believe I owe a duty to Oklahoma to make clear that he is not his candidate. I have spent most of my life in Oklahoma. It has been good to me. And I hope it may never be said of me that I opposed any movement that would contribute to this wonderful state's prosperity and growth."

"I feel positive Walton's election would decrease the present prosperity and substantially deter further growth. Oklahoma is at a point where it cannot take chances on a disastrous reaction."

DIVERTED GAS TO OTHER PARTIES

Doherty Concern Claims Owen Osage Damaged It Decisively

SARTLESSVILLE Oct. 18.—The Empire Natural Gas company filed suit today in district court of Washington county, Oklahoma, at Bartlesville against the Owen-Osage Oil & Gas Co. alleging damages to the extent of \$4,000,000. The plaintiff companies and the Kansas Natural Gas company, subsidiaries of the Empire Gas & Fuel Co., allege that the Owen-Osage company agreed to supply them all of the gas produced by its own lease, comprised of 15,760 acres in Osage county, Oklahoma.

The petition alleges that the Owen-Osage Oil & Gas Co. arbitrarily disregarded this agreement and entered into contracts with industrial customers for large quantities of the gas thus diverting it from domestic use of 15 million people in Oklahoma, Kansas and Missouri, served by the Empire system.

The Empire Natural Gas company is a subsidiary of the Empire Gas & Fuel Co. here. The Empire Gas & Fuel Co. is the Mid-Continent Petroleum subsidiary of the Cities Service company.

The carrier company which feeds gas to the city gates in Oklahoma is known as the Gaspaw Gas company and in Kansas the concern is known as the Kansas Natural Gas company.
